Re: Permit No. P06138
Notice of Deficiencies, Recommended Civil Monetary Penalty, and
Opportunity for Hearing

Dear Mr. Mbi:

On October 28, 2014, an annual inspection was conducted by the Board of Pharmacy (the "Board") to determine if Global Pharmacy, LLC (the "Pharmacy") was in compliance with federal and state laws regarding the operation of a pharmacy. The Inspection Report indicated that the Pharmacy was opened at 9:20 a.m. by a pharmacy student without a pharmacist present. On November 10, 2014, the Division of Drug Control conducted an inspection of the Pharmacy at 9:30 a.m. and found a pharmacy technician in the pharmacy without a pharmacist present. On both occasions, the inspectors instructed the Pharmacy to close until the pharmacist arrived. In addition, the Pharmacy was previously fined in June 2013 for having an unregistered pharmacy technician working in the pharmacy.

I. FINDINGS AND CONCLUSION

The Board adopts the findings of deficiencies as set forth in the Pharmacy Inspection Report dated October 28, 2014, and attached as Exhibit A, and the supplement provided by DDC, dated November 10, 2014, attached as Exhibit B.

Based upon deficiencies cited at your Pharmacy, the Board finds that the Pharmacy is in violation of the Maryland Pharmacy Act and the regulations adopted thereunder.
